- (Bharathiyar Govt.Hr.Sec.School)
  Higher Secondary (79.3%)
  Completed in 2022

- (freshworks Software Academy)
  FulStackDeveloper
  Completed in 2023

About Me

I am Meena Subramanian from Tirunelveli. I was born into a weaver's family. My father, Mr. Subramanian, and my mother, Ms. Varthini, are weavers. My mother is also a homemaker. I enjoy weaving cotton apparel. I completed my grade 12 from Bharathiyar Govt. Hr.Sec.School, Veeravanallur.

After completing 12th grade, I was determined to skill myself in software and IT to secure a good job. In the past year, since joining Freshworks, I have learned programming languages like HTML, CSS, JavaScript, My SQL, and Java. I have created my own website, Kaithari, a market linkage platform for weavers like my parents.

My hobbies include listening to music, designing, and reading. I look forward to a successful career in web development, which will also help support my family.

Projects

Project Name : **Kaithari**

 I come from a long line of weavers, and my passion for weaving led me to create Kahitari, an e-commerce platform dedicated to preserving the art of handloom sarees and dhotis, helping weavers sell their products during challenging times like the COVID-19 pandemic. I created the website using HTML, CSS, and JavaScript
